Class Descriptions

Turnout

Entries are judged primarily on the performance and quality of each turnout. To be shown both ways of the arena at a walk, slow trot, working trot, and strong trot. To stand quietly and to rein back. To be judged: 70% on the condition, fit and appropriateness of harness and vehicle, neatness and appropriateness of attire and overall impression; 30% on performance, manners and way of going.

Working

Entries are judged primarily on the suitability of the horse to provide a pleasant drive. To be shown both ways of the arena at a walk, slow trot, working trot and strong trot. To stand quietly, both on the rail and while lined up, and to rein back. All entries chosen for a workout may be worked both ways of the arena at any gait requested by the judge and may be asked to execute appropriate tests. To be judged: 70% on performance, manners and way of going of the horse(s); 20% on the condition and fit of harness and vehicle; 10% on neatness of attire.

Reinsmanship

Entries are judged primarily on the ability and skill of the driver. To be shown both ways of the ring at a walk, slow trot, working trot and strong trot. Drivers shall be required to rein back. All drivers chosen for a workout may be worked at any gait requested by the judge and may be asked to execute appropriate tests. The driver should be seated comfortably on the box so as to be relaxed and effective. Either the one or two-handed method of driving is acceptable. Common to both methods, the elbows and arms should be close to the body with an allowing but steady hand enabling a consistent “feel” of the horse’s mouth. Drivers should not be penalized or rewarded for using one general style over another. To be judged: 75% on handling of reins and whip, control, posture, and overall impression of driver; 25% on the condition of harness and vehicle and neatness of attire.

Ladies’ Driving Class

Entries are judged primarily on the suitability of the turnout to be driven by a lady with emphasis on manners. To be shown both ways of the arena at a working walk, a relaxed walk with slight contact, slow trot, working trot, and strong trot. Must rein back without resistance and stand quietly for up to one minute at any location in the arena. To be judged 50% on manners, elegance and suitability of the turnout for a lady, 25% on skill of the driver, 25% on overall impression.

Gentlemen’s Driving Class

Entries are judged primarily on the suitability of the turnout to be driven by a gentleman with emphasis on appropriate manners. To be shown both ways of the arena at a walk, slow trot, working trot and strong trot. May show a degree of boldness but not excessive speed. Must stand still in the line-up and rein back willingly. To be judged 50% on the suitability of the turnout for a gentleman, 25% on the skill of the driver, 25% on overall impression.

Pick Your Route – Obstacles

To be driven over a course of obstacles (paired markers) with no set route. Not to exceed 20 obstacles. Typically, obstacles in this type of class are not measured for each entry but are set at 80 inches (200 cm) at the start of the competition, and only reset in the event of a knockdown. After passing through the Start markers, the driver shall proceed through each obstacle to the designated Finish markers, choosing his own route. Each obstacle to be negotiated once and only once, but may be approached from either direction. Course faults are scored as penalty seconds and are added to the driver’s elapsed time. Placings are determined on a low total time basis.

Your Route/My Route

To be driven over a course of 10 numbered obstacles, set at 80 inches (200 cm), and a minimum of 12 feet (3.6 m) for multiple obstacles such as “L” and “U” shapes. Your route: After passing through the start markers, the driver shall drive through all 10 obstacles in the correct sequence and direction. My Route: After completing the #10 obstacle, the competitor will continue, without passing through the Start/Finish markers by driving all obstacles a second time in any sequence and in either direction. Time will be taken when passing through the Finish markers in either direction. Course faults are assessed as penalty seconds and are added to the driver’s elapsed time. Placings are determined on a low total time basis. Ties for first may be decided by a drive-off. Omitting an obstacle or driving an obstacle twice in the second half of the round results in Elimination. Passing through the Start and Finish markers more than one time will be considered “off course”.

Gambler’s Choice

To be driven over a course of unnumbered obstacles each carrying a specific point value. Each driver has the same allowed time to negotiate as many obstacles as possible. Each obstacle is assigned a point value according to its degree of difficulty and each driver tries to amass as high a score as possible within the time allowed. After passing through the Start markers, the driver may drive through the obstacles, in any order, from any direction. Each obstacle may be driven twice, but not in succession. If driven a third time, no points will be awarded. No obstacle may be re-driven once it has been disturbed. (Exception: obstacles which are designed to be knocked down.) No points will be awarded for an incorrectly completed obstacle. If the obstacle is incorrectly driven, but not disturbed, it may be attempted again. If a horse should refuse or run out at an obstacle without disturbing it, the driver may elect not to attempt it and may drive to another obstacle without penalty. The obstacle may be attempted later. If it is correctly driven the appropriate points will be recorded. A signal will sound at the end of the allowed time and the driver must then exit through the Finish markers where the total time on the course will be recorded. If the signal sounds when the competitor is committed to an obstacle, the competitor may complete the obstacle and receive the appropriate points, then proceed through the finish markers for total time to be recorded. Whether or not the competitor was committed to the last obstacle at the signal will be left to the discretion of the judge. Dislodging a start or finish marker will incur a penalty of 5% of the total points accumulated by the entry.

Concours d’Elegance

A pleasure driving class in which the essence of the competition is the word “Elegance”. The winner will be the turnout which, in the opinion of the judge, presents the most elegant effect. This will include vehicle, harness, appointments, horse(s), driver, passengers, grooms, etc., but above all, general impression is most important. Vehicle and harness may be inspected to ensure thoughtful restoration and careful maintenance. Attention will be paid to the personal appearance of the driver, grooms, and passengers as it contributes to the overall picture. Performance will not be judged unless it detracts from the elegance of the turnout. An honorary judge may assist with the judging of this class.

Carriage Dog

A pleasure driving class judged primarily on the suitability of the dog to serve as a companion (maximum one dog per carriage). To be judged both ways in the arena at a walk, slow trot and working trot. The dog should be standing, lying down or seated on the vehicle or should run behind, beside or at the axle of the vehicle. The dog must be under control at all times. The dog must not be led on the ground from the vehicle or be restrained by being tied to the vehicle, driver or passenger. The driver should not hold the dog, and the dog should not interfere with the driver in any way. The dog may be of any breed. To be judged 60% on the suitability of the dog to serve as a companion; 30% on the performance, manners and way of going of the horse(s); 10% on the overall impression of the turnout, including the dog. Entries with a dog clearly not under control may be eliminated. The judge may elicit input from the spectators, in the form of applause to aid in making her decision.
